

EKASAND SERIES 2 DUST EXTRACTOR

THE MOST VERSATILE PROFESSIONAL
GRADE DUST EXTRACTOR

EKASAND SERIES 2 DUST EXTRACTOR

POWER. CONVENIENCE. VERSATILITY.

A cleaner environment not only means a healthier environment but also a more productive one. Optimize your sanding operation with UNEEDA's new generation **EKASAND Series 2** dust extraction system. Connect your electric or pneumatic sander, or even both at the same time, and start extracting dust automatically when tool is triggered. Its unique rack system helps you organize your sanders, abrasives and other power tools and access them in no time. With its high suction power and large 10 gallons capacity tank, the **Series 2** allows you to hook up to a wide range of tools and extract the finest dust particles on the job.

MAIN FEATURES

- 1** Dual electric and pneumatic hook-ups
- 2** AutoSync feature automatically triggers tool with on/off function
- 3** Manual or self cleaning HEPA filter removes 99.97% particles
- 4** Unique rack system for easy tool storage and access
- 5** Adjustable suction power from 2,000 to 10,000rpm
- 6** Comes with a 15ft antistatic hose
